

# WINSHAM E-LETTER

Hi All,

Brrr! I always get excited when I see a fresh fall of snow, just as I did when I was a kid. These days however, the feeling quickly changes, and it can't melt soon enough! And since we had a smart electricity meter installed, I go around being mean about anything that uses electricity to heat up things.

I nearly had a nervous breakdown in the week on discovering that Jan had turned up the heating in the conservatory. I understand from the chap who installed it, they are well known for the friction they can cause between spouses and partners! They didn't say anything about that in the ads!

Winsham Shop have issued a new bulletin, and it can be accessed from the link below. Keep the evening of 20th February clear if you want to go along to the Guildhall in Chard and support the Planning Application for 'The George' at the Area West Planning Committee. You will be allowed in even if you don't support it! Read the bulletin-the meeting is not absolutely certain. If it does go ahead, you can be certain the Winsham E-Letter will tell you. Next week probably.

A number of other new items in this week's edition. Do you fancy decorating cakes-or eating a Big Breakfast (change of date), or interested in the Art Clubs Spring Calendar or what the Somerset Waste Partnership has to say in January?

It's all there-you just have to go and look for it.

Did you read about the Parish Council's problems last week-on the web site or in the Joint Parish Magazine? If you haven't done so already, let me urge you to do so. It is important. A strong parish council is vital to a community.

Bye,

John

*The Mature Movers met upon Thursday, before having their Annual Lunch in The Bell. This would undoubtedly reverse the collective weight loss achieved over the previous twelve months! It probably does matter, but it is the exercise and companionship that does you good. And they all look pretty slim to me!*
